

# 2CM KARST STONE BEIGE 600 X 600

## Description

2cm Karst Stone is a stone-look porcelain paver designed specifically for exterior use. These hard wearing R11 anti-slip porcelain tiles are resistant to virtually all weather and environmental conditions, are easy to install and maintain. The 20mm thickness ensures a high resistance to loads and stresses and also enables an array of installation methods. From dry laid onto sand, gravel and soil, to a raised application on deck jacks or traditionally glued to a solid surface.
