

2CM STONE VALLEY BEIGE 600 X 600

Description

Stone Valley combines the beauty of travertine, with the durability of glazed porcelain, available in 4 colours, 10mm for interior and exterior and 20mm for exterior. 2cm porcelain pavers, designed specifically for the outdoors, are incredibly versatile and durable. The 2cm thickness makes these tiles an excellent alternative to traditional hard landscaping materials. They can be dry laid onto grass, gravel or sand, and can also be installed with adhesives, or onto elevated deck jacks such as our Versijack Pedestals. Glazed porcelain with a non-slip surface that will never need sealing. These tiles will not stain or fade, they are resistant to breakage and easy to clean. Also available in matching 10mm interior tile.
