

EURO DELUXE BLEACHED OAK LAMINATE 190 X 1261MM

Description

The Bleached Oak floor is a light natural colour with a moderate amount of knots and feature. It would work especially well with scandinavian style interiors and many other interior styles. All floors in the Vitality Deluxe range are 8mm thick with bevels on 4 sides. Decors have a Brushed Structure surface, which means the grain raises and hollows are visible just like those on a real wood floor.

The Vitality Deluxe collection is a great quality product made in Belgium. All floors in the range are 8mm thick with a V-groove on 4 sides. Decors have a Brushed Structure surface, which means the grain raises and hollows are visible just like those on a real wood floor.
