

NEW STONE PIOMBE LAPPATO 600 X 600

Description

New Stone Piombe Lappato is a soft grey-beige semi-polished, rectified porcelain. Speckled with dark sand-like grains and flushes of varying shades of beige, it has a real warm limestone-concrete effect. A moderate degree of variation between the tiles adds to the authenticity and real rustic industrial appeal. It is a subtle and yet edgy tile with a wide range of applications. Hard wearing, it can be used on both floors and walls.
